What Do You Think?

"Tony:

In almost every newsletter we read that the Alano Club is having financial difficulties. If each member would give the club an extra five dollars a week it would sure help.

Would I give the club five dollars each & every week? Of course not! Oh I might do it a week or two, but then I'd forget or be low on money and that would be the end of my good intentions. But a few years ago I found a way to give my club an extra five dollars each and every week !

Each week five dollars is taken out of my check for the United Way, and once a year they send a check to the club. All those five dollars add up! It's tax deductible and I never miss the money because I never see it.

So, when the United Way comes to your place of employment, be sure to designate the Alano Club of San Jose as the recipient of your donation. Club Member #29"

Our Anniversary Dinner
