United Way

It is that time of the year again and if you get a chance to donate to United Way at your place of work please do so. I feel it important to tell you that if you would like to designate The Alano Club as where you would like your contribution to go, you can, or if you would like a portion of your contribution to come to us you can. Some of the people that come to your workplace may not know this, but it is true. You can designate any non-profit in your community!

How Would You Like To Be King or Queen For A Day?
