Up The Irish

The people are gone now, midnight is posted and the Club is closed. But stand still and listen. Hear the laughter that still sounds from the walls. How many tears have been shed in the rooms, from each chair each table broken hearts have started to mend.

Listen, you can hear the hope. The first time new comer who admits his pain. The birthday boy who celebrates his joy. Ghosts gone just beyond the door.

Midnight hour has come and gone, but somehow the spirit remains. Now, your single foot fell sounds to dance music long ended, to ringing bells and clapping hands. And as you pull close the door, the ghost and the lock whispers Amen.

These Great and Wonderful Supporters of Our Club will be Celebrating a Milestone in Recovery and We Want You To Know All About It!

Looking For A Job:

Job hunting can be difficult today. This is why the Alano Club will be offering a Resume Workshop March 11th and 25th at 2:00pm. Writing a resume and presenting yourself in an interview is like creating a work of art. You almost have to be a sales person selling your product, which is your labor. The scheduled workshop will not only help you in writing your resume, but will give you pointers on what employers are looking for and what they are not looking for in both the resume and the personal interview. I hope we get a good turn out for the workshop, so maybe we can continue to have workshops of this kind here at our club.

Interested in a Computer Club?

The Peninsula Alano Club has a successful one and is willing to help us get started if there is enough interest generated here. Anyone interested in forming a committee should see Tony B.

The Peninsula Alano Club hosted the first information sharing meeting for administrators of Clubs to network. Yours truly was there with 8 other Clubs and I can say that it was most helpful to see that the Clubs are not that much different at all. Monthly dues ranged from \$5 a month to \$25 a month. Smoking or not smoking is a hot topic in all of the Clubs. Many thanks to the San Mateo Alano Club.

What Matters

One hundred years from now, it will not matter what kind of car I drove, what kind of house I lived in, how much I had in my bank account, nor what my clothes looked like.

But the world may be better because I was important in the life of a child.
