August 2010 A Time of Change

After thirty four years as the Club Manager, I was able to get a promotion, which I hope will be better than being shown the door. Whitney has been doing the bulk of my job for some time now. An Assistant Manager if you will, so let's welcome her as Manager of our Club or to put it another way, Club Manager.

The Board was also willing to let me have a new and uncharted position as Chief Executive Officer. I was able to get appointed on a day at a time position and let's hope that I haven't reached my apex of the "Peter Principle" (promoted to a position of incompetence). With all the money rolling in from Social Security, I'm able to work cheap.

We have forged on into an uncharted position of CEO. Other non-profits have them, and now so do you, a day at a time. Part of my job will be the shopping, and I still get to count money, but I need your help and support on the rest of it. I'm going to be working less hours, and sleeping more. Hopefully a chance to revamp and improve my golf game. But I still need more, I feel that I can still contribute, (I could be wrong).

I and a lot of other people want this Club to be here for your children and your grand children. How can we make that happen? Not just Alano Clubs, but, service clubs across the nation are becoming an endangered specie.

Where should we be heading? What will become our true north? This is my request. And I'm asking you because you have shown that you really care. Help me become the best darn CEO this Club has ever seen. Help Whitney become the best Manager this Club has ever seen. Please send me your suggestions and criticisms anonymously, because I am a sensitive alcoholic. Help us with our job descriptions, help our Club become Weller.

With Love,

Tony Baron, CEO
