#### **Member of the Month - Bob N**

Bob N has been one of our valued members at the club for many years. Most recently, he has been here and there at the club working on several electrical projects. And, sssh... rumor has it that he was around on Christmas morning here at the club wearing a Santa suit! What a joy he brought to the kids as they had their pictures taken with Santa – and, of course – pick out toys from Santa's workshop. The kids had so much fun as well as Santa!

Thank you Bob N!

# Team Dance Class Training: The 13 Step Dance Team

The club environment has become a part of the AA life. Thousands testify they may have had a more difficult time staying sober in their first months without clubs. In any case, they would always wish for easy contact and warm friendships which clubs afford. "We might conceive them as a central AA institution – a sort of "thirteen step" of our recovery."

~ Written by Bill W. in Language of the Heart

As a founder of the 13 Step Dance Team, I find the name fitting. However, the thirteenth step has come to be known as 'the newcomer in a personal relationship before they were ready' – therefore, we want the issue discussed and the vulnerability of the newcomer to be protected. Here in this team dance class training, we stay focused on the healthy structure of a relationship, practice dance and what it takes to be a good partner through 13 easy steps. Dancing for health and social benefits is encouraged. The dance team will be run like a meeting. Donations will help us to pay the rent. Our goal is to help the Alano Club double its' membership by December 31, 2014.

# **Ten Years of Freedom**

Ten years ago defeated, I thought my life was done. Little did I know in San Quentin cell a new life had begun.

I called on my higher power to bring me some peace. So the drugs, booze and madness would all stop and cease.

I was led to the steps of Alano where lives had been changed. Change is what I needed so my life could be rearranged.

I went to the meetings that lasted for an hour. It was here at these meetings I got in touch with a higher power.

I started to feel that my life was one that mattered.

Though I came in hopeless and battered.

Step one is about surrender to this disease that took me down.

To admit complete defeat and pick myself up off the ground

In step 2 and 3 I found a place in something greater than me.

Through the spiritual awareness I began to feel free.

Free to become the man god had intended. A person to be trust and to be befriended.

A father to my kids, a husband to my wife. A person of substance to lead us through life.

Steps 4, 5 and 6 helped me get to the issues ones that caused me strife Character defects and issues replaced with tools for life.

Steps 7, 8 and 9 are about me making my amends. To return those I've hurt from enemies to friends.

The last three steps are meant to keep my life on track.
I can't keep what I have unless I give back.

Ten years ago defeated barely able to survive. The steps have made me grateful and happy to be alive.

Freddie P.
